Pierce Leadership Academy

Program at a glance

The Pierce Leadership Academy is an immersive three-week summer program in leadership for international and local students, 13-17 years old. The Academy’s goal is to stimulate intellectual curiosity, expose each participant to fundamental concepts and pathways to leadership, and cultivate skills that are necessary for an aspiring leader, regardless of their sphere of endeavor.

Four learning subjects, a holistic experience

What is leadership and what makes a leader? In this course, participants will develop the confidence and skills required in order to make decisions as effective leaders. With three weeks full of courses, workshops, simulations, debates, and field trip adventures, the Academy is more than just a summer program, it is a holistic experience! Participants investigate areas of interest, becoming exposed to new subjects and academic disciplines, in order to better understand the workings of leadership. They are inspired to challenge themselves in meaningful ways that lead to self-discovery, personal growth, and responsible decision-making.

The summer program encompasses the following components:

- STEM
- Entrepreneurship
- From Humanism to Leadership
- Service Learning, Human Rights and Sustainable Development

Important notes

The Pierce Leadership Academy Program is open to international and local students, ages 13-17.

All classes and activities are held in English.

Our 2019 student application will be available soon.

For more information, please contact Irene Lampropoulou at 210 6009600 ext. 1375.
