Dear Colleagues,

I send you this email to publicize a great proposal of the University of Macerata Grant Office.
If you are interested, please don't hesitate to contact: laura.concetti@unimc.it

Our Grant Office has just published its 2024 Announcement for expression of interest for the Marie Curie Postdoctoral Fellowships (Horizon Europe programme) at the University of Macerata.

The Marie Sklodowska-Curie Postdoctoral Fellowships are among the most prestigious research fellowships in Europe, and are open to all the researchers with no age or research domains restrictions. UNIMC will offer travel grants, a training and funding support package and a proofreading grant to the researchers who will want to apply for the fellowships with Macerata as host institution. We kindly ask you to diffuse the announcement amid the researchers in your University.

Thank you very much for your collaboration,

Kind regards

Laura Concetti

GRANTS FOR MSCA POSTDOCTORAL FELLOWSHIPS APPLICATIONS @ UNIMC

Announcement for expressions of interest - University of Macerata, Italy

Are you interested in becoming a Marie Curie Fellow and work on your own research project? Are you willing to have the University of Macerata as your host institution? Then you should apply for a Marie Sklodowska-Curie Postdoctoral Fellowship within the Horizon Europe programme, aimed at promoting excellent research across borders.

- **A unique opportunity to carry out your research activities, acquire new skills and develop your career as a researcher.**
- **A unique way to gain experience in other countries, in any discipline.**
- **A unique proposal preparation gym for your research idea.**

The University of Macerata will award a **funding, training and support package** to talented researchers who will apply to the European MSCA Postdoctoral Fellowships call with a research project with the University of Macerata as host institution (European Fellowships) or return host institution (Global Fellowships).

In case of award, you will have access to unprecedented and very favourable conditions:

- **High-level training** (Masterclass) to write a MSCA - PF proposal. You will benefit of on-line and in presence training sessions combining frontal lessons with **practical workshops** and of the **supervision and coaching** of experts, also available for **personalised meetings**.
- direct **meetings with Scientific Supervisor**
- **mentorship and coaching** on proposal elaboration, until submission
- up to **500€ funding** for English language proof-reading
- up to **1200€ funding** for travel and accommodation (only for residents outside Italy)

Who can apply? Researchers who:

- completed a PhD or will complete it at the date of EU call deadline (**11 September 2024**)
- have a maximum of 8 years full-time equivalent experience in research at EU call deadline
- have not resided or carried out their main activity (work, studies, etc.) in Italy for more than 12 months in the 3 years immediately prior to the EU call deadline (or 12 months in the Third Country, if they apply for a Global Fellowship)

Which topics can be funded? All areas of scientific research may be eligible for funding. However, please consider that the University of Macerata focuses exclusively on SSH disciplines.

Deadline for applications: 29 March 2024
